Notes to Financial Statements
December 31, 2016

Note A - Nature of Operations and Summary of Significant Accounting Policies:

Nature of Operations

Hall & Romkema Financial Services, LLC (the Company), was organized in August 2002 as a Michigan limited liability company. The Company is a broker/dealer in securities registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA) and Securities Investor Protection Corporation (SIPC). The Company is also a registered investment advisor with the state of Michigan.

The Company operates pursuant to section (k)(2)(ii) exemptive provisions of Rule 15c3-3 of the Securities Exchange Act of 1934, and accordingly, is exempt from the remaining provisions of that Rule. The Company, does not hold customer funds or securities, but as an introducing broker or dealer, will clear all transactions on behalf of customers on a fully disclosed basis through a clearing broker/dealer. The clearing broker/dealer carries all of the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker/dealer.

The Company's operations consist primarily of providing investment advisory services to individuals located in Michigan.

Entity

These financial statements contain only the assets, liabilities, revenues and expenses specifically related to the business activities of the Company. They do not include the personal assets, liabilities, revenues or expenses of the individual members.

The Company's duration shall be perpetual, unless dissolved in accordance with the operating agreement.

Revenue Recognition

Investment advisory fees are received quarterly and are recognized as earned on a pro rata basis over the term of the contract.

Commissions and related clearing expenses are recorded on a settlement-date basis as securities transactions occur.

Method of Accounting

The Company's financial statements are presented on the accrual basis method of accounting.

Accounts Receivable

The Company carries its accounts receivable at invoiced amounts less an allowance for doubtful accounts. On a periodic basis, the Company evaluates its accounts receivable and establishes an allowance for doubtful accounts, based on history of past write-offs and collections and current credit conditions. The Company considers accounts receivable to be fully collectible; accordingly, no allowance for doubtful accounts currently is provided. The Company's policy is not to accrue interest on past due receivables.

HALL & ROMKEMA FINANCIAL SERVICES, LLC
Notes to Financial Statements
December 31, 2016

Note A - Nature of Operations and Summary of Significant Accounting Policies (Continued):

Cash Flows

For purposes of the Statement of Cash Flows, the Company considers all highly liquid instruments purchased within three months or less of an instrument's original maturity date to be cash equivalents.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Property, Equipment and Depreciation

Property and equipment are carried at cost and include expenditures for new additions and those that substantially increase the useful lives of existing assets. Depreciation is computed at various rates by use of the straight-line method over the estimated useful lives of the assets, generally 5 years.

Expenditures for normal repairs and maintenance are charged to operations as incurred. The cost of property and equipment retired or otherwise disposed of and the related accumulated depreciation are removed from the accounts in the year of disposal with the resulting gain or loss reflected in earnings or in the cost of the replacement asset.

The provision for depreciation amounted to \$70 for the year ended December 31, 2016.

Income Taxes

No provision has been made for federal and state income taxes since the proportionate share of the Company's income or loss is included in the personal tax returns of the members.

Accounting principles generally accepted in the United States of America require the Company to examine its tax positions for uncertain positions. Management is not aware of any tax positions that are more likely than not to change in the next twelve months or that would not sustain an examination by applicable taxing authorities.

The Company's policy is to recognize penalties and interest as incurred in its Statement of Income.

The Company's federal and state income tax returns for 2013 through 2016 are subject to examination by the applicable tax authorities, generally for three years after the later of the original or extended due date.

Note B - Transactions with Clearing Broker/Dealer:

The Company has an agreement with a national clearing broker/dealer to provide clearing, execution and other related services. The agreement requires minimum monthly charges of \$1,000. The agreement requires the Company to maintain a minimum of \$15,000 in an account with the clearing broker/dealer.

HALL & ROMKEMA FINANCIAL SERVICES, LLC
Notes to Financial Statements
December 31, 2016

Note C - Related Party Transactions / Economic Dependency/ Concentration of Services:

The three members of the Company, who are also registered securities representatives and officers of the Company, generated approximately 100% of the Company's revenue for the year ended December 31, 2016. In lieu of compensation, the members received distributions totaling \$515,000 during the year. The Company is economically dependent upon the members due to the concentration of services provided by them.

The Company's members are also owners of Coolidge Road Leasing, Inc., an employee leasing company (the leasing company). The Company leases labor from the leasing company. A total of \$114,825 was paid by the Company to the leasing company for labor for the year ended December 31, 2016.

Two of the Company's members are also owners of Hall & Romkema PLC, a certified public accounting firm (the accounting firm). The Company shares office space with the accounting firm. A total of \$6,564 was paid by the Company to the accounting firm for office usage and occupancy expenses for the year ended December 31, 2016.

The Company paid the accounting firm \$26,225 for professional advisory, accounting, insurance and promotional fees during the year ended December 31, 2016 which are recorded as professional services in the accompanying statement of income. The Company recorded a prepaid asset of \$2,846 related to insurance costs paid to the accounting firm at December 31, 2016.

Note D - Concentration of Credit Risk:

The Company's financial instruments that are exposed to concentrations of credit risk consist primarily of cash and cash equivalents and accounts receivable. The Company places its cash and cash equivalents with two financial institutions. At times, such amounts may be in excess of the FDIC insured limit. The Company has never experienced any losses related to these balances.

The Company routinely assesses the financial strength of its customers and, as a consequence, believes that its accounts receivable credit risk exposure is limited.

Note E - Net Capital Requirements:

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2016, the Company had net capital of \$112,114, which was \$107,114 in excess of its net capital requirement of \$5,000. The Company's net capital ratio was 0.0151 to 1.

HALL & ROMKEMA FINANCIAL SERVICES, LLC
Notes to Financial Statements
December 31, 2016

Note F – Off-Balance-Sheet Risk:

As discussed in Note A, the Company's customers' securities transactions are introduced on a fully disclosed basis with its clearing broker/dealer. The clearing broker/dealer carries all of the accounts of the customers of the Company and is responsible for execution, collection and payment of funds, and receipt and delivery of securities relative to customer transactions. Off-balance-sheet risk exists with respect to these transactions due to the possibility that customers may be unable to fulfill their contractual commitments wherein the clearing broker/dealer may charge any losses it incurs to the Company. The Company seeks to minimize this risk through procedures designed to monitor the credit worthiness of its customers and that customer transactions are executed properly by the clearing broker/dealer.

Note G - Statements of Changes in Liabilities Subordinated to Claims of General Creditors:

For the year ended December 31, 2016, the Company did not have any subordinated liabilities subject to claims of general creditors. Therefore, no statements have been prepared.

Note H - Subsequent Events:

The Company has evaluated subsequent events through January 20, 2017, the date on which the financial statements were available to be issued.
